

# HOW TO USE SMELLEZE TO RID INDOOR & OUTDOOR ODORS

## 1. OPEN SIFTER CAP

SMELLEZE is extremely easy to use. To apply, simply open the handy sprinkle/pour top on the container and you are ready to absorb and deodorize any tough smell.

## 2. SPRINKLE INDOORS

Sprinkle SMELLEZE generously on smelly surfaces to extract odors. Allow it to work for 2-24 hours. The longer the better. SMELLEZE is 100% safe for people, pets, and the planet!

## 3. VACUUM OR SWEEP

Vacuum or sweep up the sprinkled SMELLEZE and you're done. Repeat the treatment, if necessary, until all the odors are removed. It's that easy!

## 4. SPRINKLE OUTDOORS

Scatter SMELLEZE liberally on the hot odor zones' and you're done! It's naturally rejuvenated in sunlight for long lasting effectiveness even if it gets wet.
